4. Acknowledgement of Risks

- 4.1 Contracts for difference, options, futures, swaps, forward rate agreements and many other derivatives (including most put options) are leveraged products and involve a high level of risk. It is possible for the Client to lose all his capital invested. Therefore, these products may not be appropriate or suitable for everyone and the Client should ensure that he understands the risks involved. The Client will not be required to cover losses exceeding his invested capital as the Company applies a negative balance protection policy. If the Client considers that he is not properly able to understand the investment risks involved, he should seek independent advice.
- 4.2 The Client unreservedly acknowledges and accepts that, regardless of any information, which may be offered by the Company, the value of any investment in Financial Instruments may increase or decrease and there is a substantial risk that the investment may become of no value. In the case of Financial Instruments which are contracts for differences or other contractually based derivatives the entire amount of margin deposit may be lost.
- 4.3 The Client acknowledges that the Company has not solicited, or in any other way recommended his/her participation in trading with the Company pursuant to any particular trading system, and that the Client has made inquiries and conducted research sufficient to make an informed investment decision.

Trading Terms and Conditions

Company (whether orally or in writing) on economic climate, markets, investment strategies or investments, trading suggestions, research or other such information are not to be viewed as investment advice or recommendations by the Company and shall not give rise to any advisory relationship. Each decision by the Client to enter into a Contract for Differences or any other trading product offered by the Company is an independent decision by the Client. The Company is not acting as an advisor to, or serving as a fiduciary of the Client and the Company specifically disclaims any such duties.

- 4.6 The Client confirms that the funds deposited to the account held with the Company are derived from legitimate sources. The Client further acknowledges and confirms that he/she has the financial resources and relevant knowledge to make an informed decision regarding the funding and trading of the account, and that the Client is trading on his/her own behalf and on his/her own accord.
- 4.7 When the Client makes a decision to trade in any Financial Instrument, the Client should consider the risks inherent in such Financial Instrument and in any strategies related thereto. The Client's risk assessment should include a consideration of various risks such as credit risk, market risk, liquidity risk, interest rate risk, foreign exchange risk, business, operational and insolvency risk and the risks of "over-the-counter" (as opposed to on-exchange) trading.
- 4.8 Before deciding whether to trade, the client should consider that (a) such products are complex and of high risk and is likely to lose all of the invested capital, and (b) the values of cryptocurrencies can widely fluctuate and are extremely volatile and may result in significant losses over a short period of time.
- 4.9 The Client further understands that the market and pricing of CFDs on Cryptocurrencies is derived from digital decentralized exchanges with non-regulated nature. Consequently, the pricing information provided by such exchanges may substantially differ compared to the pricing of regulated exchanges. As a result, the trading environment and the respective prices are highly unpredictable compared to other financial instruments. The aforesaid exchanges may have different internal policies and rules which are not subject to any regulatory supervision resulting to an uncertain trading environment that can have material adverse effect on the client's capital.
- 4.10 The trading in CFDs on Cryptocurrencies is not appropriate for all investors and as such, the client should fully consider whether trading in cryptocurrency CFDs is appropriate for them by taking into account: a) whether they have the necessary knowledge in such products and b) whether they can afford the loss of all of their invested capital.
- 4.11 The preceding paragraphs does not constitute investment advice based on the Client's personal circumstances, nor is it a recommendation to use any of the services or invest in any Financial Instrument. Where the Client is unclear as to the meaning of any of the above disclosures or warnings, the Client is strongly recommended to seek independent legal or financial advice.

Trading Terms and Conditions

- 4.12 The Client acknowledges and accepts that there may be risks other than those mentioned in this section 4. - 5.7 To the extent permitted by Applicable law, the Company shall not be liable for:
- a) any loss, expense, cost or liability (including consequential loss) suffered or incurred by the Client as a result of instructions being given, or any other communication being made via the internet or other electronic media; the Client shall be solely responsible for all orders, and for the accuracy of all information, sent via such electronic media; and

- 6.1 The Client understands and confirms that all orders received by the Company from the Client are orders for execution outside a Regulated Market or MTF. The transactions entered by the Client will be placed and executed in accordance with the Company's "[Order Execution Policy](https://www.ironfx.eu/en/ironfx/legal-documents)" which is available at the following link <https://www.ironfx.eu/en/ironfx/legal-documents>.
- 6.2 The Client understands and acknowledges that the Company will enter into transactions with the client as principal (counterparty) and not as an agent. The Company will be the contractual counterparty to the Client.
- 6.3 The Client can open and close a position via the Electronic Systems or by placing orders with the Company's Dealing Desk as provided at paragraph 5.4 of this Agreement and can add or modify orders by placing "buy limit", "buy stop", "sell limit", "sell stop", "stop loss" and/or "take profit" orders on any Financial Instrument.
- 6.4 The Company shall record telephone conversations, without any prior warning (unless required to give prior warning by Applicable Regulations), to ensure that the material terms of a transaction and/or order placed by the Client and/or any other material information relating to a Transaction are properly recorded. - 6.5 The Company reserves the right at its own discretion, without the Client's consent, due to risk management policies to transfer the Client's execution to STP/ECN execution when the Client's trading strategy, exposes the Company to greater risk than the Company can tolerate.
- 6.6 The Company may in its sole discretion reject any order from the Client but will notify the Client of any such rejection, without giving any reasons, promptly following receipt of your instructions. The Company may cancel any instructions previously given by the Client provided that the Company has not acted on the Client's instructions. Without prejudice to the generality of the foregoing the Client acknowledges that the Company may reject orders and/or instructions by the Client when they are not clear when the Client seeks to open a position, close a position or modify or withdraw an order.

Trading Terms and Conditions

- 6.7 If any Financial Instrument Reference Asset which is a security becomes subject to possible adjustments as a result of any of the events set out in paragraph 6.8 (referred to as "Corporate Event"), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size, value and/or quantity of the corresponding transaction (and also the level or size of the corresponding orders). This action is made in order to (i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event, and/or (ii) replicate the effect of the Corporate Event upon someone with an interest in the relevant underlying Reference Asset security, to be effective from the date determined by the Company.
- 6.8 The events to which paragraph 6.7 refers to are any of the following, by the declaration of the issuer of a security:
- a) a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalization or share split or reverse share split or similar event;
 - b) a distribution to existing holders of the shares or additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payments to holders of the underlying shares, securities, or warrants granting the right to receive or purchase shares for less than the current market price per share;
 - c) any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares;
 - d) any event analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of any security not based on shares;
 - e) any event that is caused by a merger offer made regarding the Company of the underlying asset;
 - f) earnings announcements.
- 6.9 If any Financial Instrument Reference Asset which is a security becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even withdraw the specific Financial Instrument from the Trading Platform.
- 6.10 Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the Transaction (and/or the level or size of any order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment via its internal mail as soon as is reasonably practicable.
- 6.11 In the case where the Client has any open positions on the ex-dividend day for any of the Financial Instrument Reference Assets, the Company has the right to close such positions at the last price of the previous trading day and open the equivalent volume of the underlying Financial Instrument at the first available price on the ex-dividend day. In this case, the Company will inform the Client via the internal mail of the said adjustment and

Trading Terms and Conditions

no Client consent will be required. In the case where the Company's Risk Management believes the Client is deliberately attempting to take advantage of the fact that shares in a particular Spot Index going ex-dividend, the Company reserves the right to apply a dividend adjustment. In the case of short positions, the dividend adjustment will be debited from the clients' account where dividend adjustment will be equal to Index Dividend declared x position size in Lots.

- 6.12 Considering the levels of volatility affecting both price and volume, the Company is constantly seeking to provide client orders with the best execution reasonably possible under the prevailing market conditions. Client's orders (Buy/Sell, Buy Limit, Buy Stop, Sell Limit, Sell Stop, Stop Loss and/or Take Profit) are executed at the requested/declared price. However, during periods of volatile market conditions, during news announcements, on opening gaps (trading session starts), or on possible gaps where the underlying instrument has been suspended or restricted on a particular market, Buy/Sell Stop and Stop Loss orders may not be filled at requested/declared price but instead at the next best available price. In such case, Take Profit orders below/above Buy Stop/Sell Stop orders or Stop Loss orders above/below Buy Stop/Sell Stop orders during activation will be removed. The same execution policy applies when a trading strategy is deemed as abusive, because it is aiming towards potential riskless profit or another strategy deemed by the Company to be abusive. Accordingly, placing a Stop Loss order will not necessarily limit the Client's losses at the intended amount.
- 6.13 The Client acknowledges that orders shall be executed at the bid and ask prices that are offered by the Company. Due to the high volatility of the market as well as the internet connectivity between the Client terminal and the Company's server, the prices requested by the Client and the current market price may change in the period between the Client placing his order with the Company the time the order is executed. The Client acknowledges that in the case of any communication or technical failure which results in the quotation of off-market prices on the quotes feed (i.e. prices to freeze/stop updating or price spikes), the Company reserves the right not to execute an order or, in cases in which the order was executed, to change the opening and/or closing price of a particular order or to cancel the said executed order.
- 6.14 The Company shall not be liable for any delays, inaccuracies or other errors in the transmission of any order, instruction or information from the Client to the Company due to any cause beyond the reasonable control of the Company. Delays can be caused by various reasons depending on the current market conditions (e.g. high market volatility) as well as a slow/weak internet connection (e.g. between the Client's terminal and the Company's server).
- 6.15 "Manifest Error" means a manifest or obvious misquote by the Company, or any market, liquidity provider or official price source on which the Company has relied in connection with any Transaction, having regard to the current market conditions at the time an order is placed as the Company may reasonably determine. When determining whether a situation amounts to a Manifest Error, the Company may take into account any information

Trading Terms and Conditions

in its possession, including information concerning all relevant market conditions and any error in, or lack of clarity of, any information source or announcement. The Company will, when making a determination as to whether a situation amounts to a Manifest Error, act fairly towards the Client but the fact that the Client may have entered into, or refrained from entering into, a corresponding financial commitment, contract or Transaction in reliance on an order placed with the Company (or that the Client has suffered or may suffer any loss) will not be taken into account by the Company in determining whether there has been a Manifest Error.

- 6.16 In respect of any Manifest Error, the Company may (but will not be obliged to):
- (a) amend the details of each affected Transaction to reflect what the Company may reasonably determine to be the correct or fair terms of such Transaction absent such Manifest Error; or
 - (b) declare any or all affected Transactions void, in which case all such Transactions will be deemed not to have been entered into.
- 6.17 The Company will not be liable to the Client for any loss (including any loss of profits, income or opportunity) the Client or any other person may suffer or incur as a result of or in connection with any Manifest Error (including any Manifest Error by the Company) or the Company's decision to maintain, amend or declare void any affected Transaction, except to the extent that such Manifest Error resulted from the Company's own willful default or fraud, as determined by a competent court in a final, non-appealable judgment.
- 6.18 Considering the volume of the Client's order and the current market conditions, the Company shall have the right to execute part of an order only.
- 6.19 The Company has the right at its discretion to increase or decrease Spreads of Financial Instruments depending on the current market conditions and the size of the Client's order.
- 6.20 The Swap rate is mainly dependent on the level of interest rates as well as the Company's fee for having an open position overnight. The Company has the discretion to change the level of the Swap rate on each Financial Instrument at any given time and the Client acknowledges that he will be informed by the Main Website. The Client further acknowledges that he is responsible for reviewing the contracts specifications located on the Main Website for being updated on the level of Swap rate prior to placing any order with the Company. Furthermore, the Company reserves the right to change the level of Swap rates where there is suspicion of abuse without prior informing the Client.
- 6.21 The Company reserves the right, at its discretion, to increase the Swap rate for any Client beyond the levels displayed on the Website, in the instance where the Client holds a position for a period of 10 calendar days or more.
- 6.22 The Company reserves the right to disable and/or enable swap free trading for Client's trading account and/or reverse any cumulative profits derived from the said trading at any

Trading Terms and Conditions

given time and/or retrospectively charge the waived swap fee. This can occur at times where there is suspicion of swap abuse aiming at generating riskless profit where the Client abuses the Company's trading conditions/systems or where the Client's trading strategy imposes a threat to the Company's trading facility or where the Company deems necessary in order to protect the smooth operation of its trading facility. The Client further acknowledges that swap free applies for 10 calendar days only. Therefore, swap free accounts holding a position open for more than 10 calendar days, will be credited or debited swap accordingly. Note that a storage amount may apply instead for swap free account equivalent to the swap rates. In such case, the storage amount will be credited/debited in the form of deposit/withdrawal from the account equity.

- 6.23 Internet, connectivity delays, and price feed errors sometimes create a situation where there is price latency on the Electronic Systems such that there is a disparity between the Company quoted prices and current market prices for short periods. Client expressly acknowledges and agrees that it shall not execute Transactions with the Company that rely on price latency arbitrage opportunities either by using additional functionalities/plugin-ins (i.e. Expert Adviser, etc.) or by any other means. If the Client acts in contravention of this clause the Company reserves the right to (i) make corrections or adjustments to the relevant Transaction execution prices to reflect what would have occurred had there been no price latency arbitrage; and/or (ii) cancel all the relevant Transactions; and/or (iii) terminate without notice the Client's Account with the Company; and/or (iv) charge an administration fee equal to 10% of the deposited funds, with the maximum charge set at \$200 or deposit currency equivalent.
- 6.24 Where a trading position on a financial instrument is held open for more than 15 days, the Company reserves the right at its own discretion, to impose swap and/or increase/decrease swap debit/credit.
- 6.25 Any strategy that consists of a combination of full or partial hedge between a long position in a spot asset and a short position in the futures for that asset or vice versa, aiming towards a cash and carry or reverse cash and carry arbitrage is deemed as abusive and therefore any trading benefits/profits generated as a result will be reversed.

7. **Expiry Transactions**

- 7.1 For certain Financial Instrument Transactions an expiry date may apply (an "Expiry Transaction"). The details of these dates are available in the Contracts Specification on the Company's website. The Client acknowledges and agrees that the Company will have the right to close any Transaction in its sole and absolute discretion without notice if the Reference Asset is a derivative Financial Instrument which may settle on expiry by a delivery other than in cash, a reasonable period prior to the expiry date as determined in the sole and absolute discretion of the Company. The Company will not be subject to any obligation to roll over a position in such a derivative Financial Instrument.

Trading Terms and Conditions

- 7.2 The price of an Expiry Transaction will be (a) the last traded price at or prior to the close or the applicable official closing quotation or value in the relevant Reference Asset as reported by the relevant exchange or market, errors and omissions excluded; plus or, as the case may be, minus (b) any Spread that the Company applies when such an Expiry Transaction is closed. Details of the Spread that the Company applies when a particular Expiry Transaction is closed are available on request.

8. Margin and Leverage Levels

- 8.1 As a condition of entering into a Transaction, the Company requires the deposit of Margin to secure the Client's liability to the Company for any losses which may be incurred in respect of the Transaction. The "Leverage Level" is the ratio of Margin to the market value of the open Transaction position which it secures. By accepting this Agreement the Client has read, understood and accepted the "Leverage Levels" as these are uploaded in the Main Website under the Trading Accounts Types section (<https://www.ironfx.eu/en/trading/account-types>). Where applicable, the Leverage Level of a Client's Account(s) may be changed by the Company in its absolute discretion with reference to such matters as the deposit or Margin amount held in the Client Account and the size of credit exposure held on Financial Instrument(s) held in the Client Account(s).
- 8.2 **The Leverage Limits on the opening of a new position for Retail Clients varies from 30:1 to 2:1 according to the volatility of the underlying instruments as follows:**
- 30:1 for major currency pairs; (*the major currencies are currency pairs comprising any two of these currencies: USD, EUR, JPY, GBP, CAD and CHF*)
 - 20:1 for non-major currency pairs, gold and major indices; (the major indices are any of these equity indices: FTSE 100; CAC 40; DAX30; DJIA; S&P 500; NASDAQ; NASDAQ 100; Nikkei 225; ASX 200; EURO STOXX 50)
 - 10:1 for commodities other than gold and non-major equity indices;
 - 5:1 for individual equities and other reference values;
 - 2:1 for cryptocurrencies;
- 8.3 A Margin close-out rule ***on a per account basis*** applies to Retail Clients that standardizes the percentage of Margin at 50% at which the Company is required to close out one or more Retail Client's open positions on a per account basis. In other words, the Company will proceed with the closure of one or more of a Retail Client's open position(s) when the Equity in the Client's account reaches 50% of the required Margin; an example is provided below

- 8.5 Margin requirements or Leverage Level may be set and varied without prior notice from time to time in the Company's sole and absolute discretion in order to cover any realised or unrealised losses arising from or in connection with Transactions, including subsequent variation of any Margin rates set at the time Transactions are opened subject to any Leverage/Margin restrictions imposed by Applicable Regulations. The Client can request to change his account leverage at any time by contacting the Company provided that the Client is eligible to a change and considering any leverage restrictions. The Client acknowledges that the Company has the discretion to change the Client's trading account leverage at any given time, without the Client's consent, either on a permanent basis or for a limited period of time. Such an event will be disclosed to the Client by the Company via its internal mail or by email.
- 8.6 The Client is obliged to maintain in his account, at all times, sufficient funds to meet all Margin requirements. In addition, the Company will be entitled to treat any assets deposited with it by the Client from time to time (other than assets deposited for safe custody only) as collateral against the Client's Margin requirements. Only funds received net of any bank charges, which relate to the transfer, will be credited as paid.
- 8.7 In the event that there is insufficient Margin in the Client's Account or in the event that the deposited Margin is not sufficient to meet the required Margin rates, as determined by the

Trading Terms and Conditions

Company it may immediately close or terminate the Client's Transaction and account without notice. Without prejudice to the generality of the foregoing the Company shall have the right, but shall not be obliged, to start closing Client's positions starting from the most unprofitable, when the Margin is less than 50% of the initial margin requirement on a per account basis **for Retail Clients** and when the Margin is less than 20% of the initial margin requirement for Professional Clients and/or Eligible Counterparties.

- 8.8 The Client acknowledges that he is responsible for monitoring the Margin on his Account and for reviewing the difference between the standard and premium accounts located on the Main Website prior to opening an account and/or placing any order with the Company.
- 8.9 The Company reserves the right to change the Client Account type from premium to standard and vice versa based on the total Margin deposits made on the Client's account as well as based on the Client's trading account current balance.

9. **Market Abuse etc.**

The Client shall not use the Electronic Systems for orders or Transactions for or in connection with any activity which may constitute a fraudulent or illegal purpose or Market Abuse or otherwise use of the Electronic Systems in contravention of any Applicable Regulations. For the purposes of this Agreement "Market Abuse" means behaviour in relation to investments which involves insider dealing, market manipulation or market distortion in breach of Applicable Regulations. The Client undertakes to familiarise himself and comply with any Applicable Regulations concerning the short sale of securities if the Client seeks to execute a short sale contract for difference Transaction with a security as a Reference Asset and the Client will ensure that his use of the Electronic Systems will not result in a breach by the Company of any Applicable Regulations concerning the short sale of securities or any terms of this Agreement concerning short sale orders or transactions.

10. **Refusal to execute orders**

- 10.1 The Company has the right to refuse to transmit and/or execute an order without any given notice and/or explanation to the Client. Among the cases that the Company is entitled to do so are the following (this list is not exhaustive):
- a) If the Client does not have the required Margin in the Client Account;
 - b) If the execution of the order would have an adverse effect upon the smooth operation or the reliability of the Trading Platform;
 - c) If the order or its execution may have the object or effect of Market Abuse;
 - d) If the order may have the object or effect of money laundering in contravention of the Proceeds of Crime Act 2002 or other Applicable Regulations
- 10.2 It is understood that any refusal by the Company to transmit and/or execute an order shall not affect any obligation, which the Client may have towards the Company, or any right, which the Company may have against the Client or his assets.

Trading Terms and Conditions

11. Settlement of Transactions

- 11.1 The Company shall proceed to a settlement of all Transactions upon execution of such Transactions. Unless otherwise agreed, the settlement of Transactions shall be in accordance with the normal practice for the Financial Instrument or market concerned.
- (a) The Company provides the Client with online access to confirmations and Account statements stored on the Client's portal which is accessible through the Company's Main Website Account. The Client must notify the Company in writing if the Client wishes to receive confirmations in hard copy rather than electronically. Each confirmation will, in the absence of a Manifest Error (as defined in clause 6.15, be conclusive and binding on the Client, unless the Company receives any objection from the Client in writing within four (4) business days of the date of the relevant confirmation or the Company notifies the Client of an error in the confirmation within the same period. A statement of account shall be provided by the Company to the Client on a monthly basis, within five (5) business days from the end of the previous month. In the case where no Transactions were concluded in the past month, then no statement of account shall be provided. - 11.2 Any objection or enquiry that the Client has in relation to an executed Transaction shall be investigated by the Company only if it receives notice in writing within four (4) business days of the date of such Transaction.

12. Order Execution Policy

- 12.1 The Company is required to have in place an "[Order Execution Policy](#)" ("the Policy") and to take all sufficient steps to obtain the best possible results for its clients ("best execution") either when executing client orders or receiving and transmitting orders for execution in relation to financial instruments. The Policy sets out a general overview on how the Company will obtain the best possible result when executing Clients' orders by taking into account the criteria and factors stated in the Policy, the assessment process prior the selection of an execution venue and the monitoring on a continuous basis of the financial institutions used as a hedging liquidity/price providers. The best possible result will be determined in terms of the total consideration, represented by the price of the contract and the cost related to execution as the main factors. The other execution factors of speed, likelihood of execution size, nature or any other relevant consideration will, in most cases, be secondary to price and cost considerations, unless they would deliver the best possible result for the client in terms of total consideration.
- 12.2 The Client acknowledges and accepts that he has read and understood the "[Order Execution Policy](#)", which is available in the Legal Documentation section of the Main Website at

Trading Terms and Conditions

<https://www.ironfx.eu/en/ironfx/legal-documents>. In particular, the client acknowledges that all transactions entered in any particular financial instrument with the Company are executed outside a regulated market or a multi-lateral trading facility (MTF) and the client is exposed to a greater risk of a possible default of the counterparty (i.e. the Company).

13. Joint Accounts

- 13.1 If more than one natural person executes this Agreement (“Joint Account”), all such natural persons agree to be jointly and severally liable for the obligations assumed in this Agreement (which means, for example, that any one person can withdraw the entire balance of the Account, and in the case of a debit balance or debt owed on the Account to the Company, each Account holder is responsible for the repayment of the entire balance and not just a share of it).
- 13.2 The Company shall be entitled to treat each Account holder of a Joint Account as having full authority (as if they were the only person entering into the Agreement) on behalf of the others to give or receive any instruction, notice, request or acknowledgement without notice to the others, including an instruction to liquidate and/or withdraw investments from the Account and/or close any Account) however the Company may in its sole and absolute discretion, require an instruction request or demand to be given by all Joint Account holders before it takes any action.
- 13.3 One account holder may request the Company to convert the Account into a sole Account. The Company may (but shall not be obliged) require authority from all Joint Account holders before doing so. Any person removed from the Account will continue to be liable for all obligations and liabilities under the Agreement relating to the period before they were removed from the Account.

14. Third Party Account Managers

- 14.1 The Client may appoint a third-party to act as his representative or manage his Account or his Account trading strategy (“an Account Manager”) and the Client represents and warrants that the third-party has all required regulatory consents, permissions, registrations or licenses that may be necessary to act in this capacity (“Regulatory Consents”). The Company shall be under no obligation to verify the authority of an Account Manager or that the Account Manager has the required Regulatory Consents. However in the Company’s sole and absolute discretion, it may require such evidence as it thinks fit to demonstrate that the Account Manager has authority to act on your behalf and has the Regulatory Consents required.
- 14.2 Where the Client appoints an Account Manager a Power of Attorney or investment management agreement should be provided to the Company accompanied by all identification documents of the representative. If the Client wishes to revoke or amend an Account Manager’s appointment or authorisation the Client must give written notice of such intention of which notice shall not be effective until two business days after the Company receives it (unless the Company informs the Client that a shorter period will

Trading Terms and Conditions

apply). The Client acknowledges that he will remain liable for all instructions given prior to the revocation/variation being effective, and that the Client will be responsible for any losses, which may arise on any Transactions that are open at such time. The Client authorises the Company to accept all instructions given by the Account Manager whether orally or in writing, in relation to the Client Account and the Company shall not be obliged to make any enquiry of the Client or of any other person before acting on the instructions of an Account Manager. The Company may communicate with the Account Manager directly regarding the Account and the Client agrees that communications made by the Company to the Account Manager are deemed to be received by the Client when received by the Account Manager. The Client further authorises the Company to disclose, or grant access, to the Account Manager all information the Company holds in relation to the Account, including personal information about the Client.

- 14.3 The Client acknowledges and accepts that, in providing the Electronic Systems to the Account Manager the Company has the right but not the obligation to set limits, controls, parameters and/or other controls on the Account Manager's authority to use or access to the Electronic Systems. The Client nonetheless acknowledges that the Company has no obligation or responsibility to the Client to put in place any such limits or controls on the Account Manager's trading and that the Client has full responsibility and liability for the Account Manager's actions.
- 14.4 The Client agrees to indemnify the Company (fully compensate and reimburse) for any loss, damage or expense incurred as a result of:
- (a) The Company acting on instructions of the Account Manager outside the scope of the Account Manager's authority; or
 - (b) The Account Manager's breach of any term of their appointment.
- 14.5 The Client further ratifies and accepts full responsibility and liability for all instructions given to the Company by the Account Manager (and for all Transactions that may be entered into as a result) and will indemnify (fully compensate or reimburse) the Company and keep the Company indemnified against any loss, damage or expense incurred as a result of acting on such instructions. This indemnity shall be effective irrespective of the circumstances giving rise to such loss, damage or expense, and irrespective of any knowledge, acts or omissions of the Company in relation to any other Account held by any other person or body with the Company.

15. Client Account

- 15.1 The Client must open a Client Account with the Company before any Transaction may be concluded. This Agreement shall be considered effective upon the first receipt of funds in the Client's Account, provided that the Company has sent the Client written confirmation of his acceptance.
- 15.2 The Client shall not use the Client Account for payment to third parties.

Trading Terms and Conditions

- 15.3 If the Client has opened more than one Client Account, the Company shall have the right to treat these Client Accounts as a single Client Account. The Company shall accordingly be entitled in its discretion (but shall not be obliged) to transfer and use available Margin or other funds from one Client Account for the purposes of discharging Margin requirements or liabilities in one or more of the Client's other Client Accounts even if such transfer may result in the closure of open positions in any Client Account from which Margin or other funds are transferred.
- 15.4 Any funds received in a currency for which the Client does not hold a Client Account shall be converted by the Company into the Client's Base currency. The conversion shall be made at the exchange rate applied on the day and at the time when the relevant funds are at the disposal of the Company.

16. Safeguarding of Client's Funds

- 16.1 Any money received by the Company in respect of a Client's Account with the Company shall be treated as "Client Money" in accordance with the then applicable Client Money Rules except where the Client (Professional Clients and Eligible Counterparties only) separately agree with us to transfer full ownership of money to the Company for the purpose of securing or otherwise covering present or future, actual or contingent or prospective obligations, such as Margin, in which circumstances such money will not be regarded as Client Money. Title transfer collateral arrangements are not used by the Company with Retail Clients.
- 16.2 By entering into this Agreement the Client agrees that the Company will not pay the Client interest on Client Money or any other unencumbered funds.
- 16.3 When holding Client Money, the Company makes adequate arrangements to safeguard the Clients' rights and prevent the use of Client Money for its own account. For this purpose, the Company ensures to promptly place any Client money into one or more accounts, denoted as 'clients' accounts which are segregated from the Company's own accounts and opened with any of the following: (a) a credit institution within the European Economic Area ("EEA"); (b) a bank authorized and/or licensed in a third country and (c) a payment provider that has been assessed based on specific criteria imposed by the Company and/or approved by the Company's Management.
- 16.4 Prior to the establishment of a business relationship with a person holding Client's Money as indicated in s. 16.3, the Company exercise all due skill, care and diligence as per applicable law and regulations by taking into account various parameters including among others the jurisdiction, expertise and market reputation of the person, financial indicators and legal or regulatory requirements. The Company establishes a relationship with a person that has been assessed and approved by the Company's Management.
- 16.5 Without prejudice to Clause 16.4, the Client further understands and consents that the Company may hold Client Money with a payment provider or a third party that do not treat such Client Money in accordance with the abovementioned Client Money rules.

Trading Terms and Conditions

- 16.6 Unless the Client notifies the Company in writing or otherwise, the Company may pass on Client Money or allow another person, such as an exchange, a clearing house or an intermediate broker, to hold or control Client Money where the Company transfers the Client Money (a) for the purposes of a Transaction for the Client through or with that person; or (b) to meet the Client's obligations to provide collateral for a Transaction (e.g. a margin requirement for a derivative transaction). By accepting this Agreement, the Client gives his consent and authorizes the Company, where applicable, to transfer/hold his funds within or outside the EEA in one or more segregated client's bank account. *Client Money held outside the EEA may be subject to the jurisdiction of that territory and Client rights may differ accordingly. The Company shall not be liable for the solvency, acts or omissions of any institution with which Client Money are held.*
- 16.7 The third party to whom the Company will pass money may hold it in an omnibus account and it may not be possible to separate it from the Client's money, or the third party's money in which case the Client will not have any claim against a specific sum in a specific account in the event of insolvency. The Company does not accept any liability or responsibility for any resulting losses. In general, accounts held with institutions, including omnibus accounts face various risks including the potential risk of being treated as one (1) account in case the institution defaults. Another risk might be that the funds in the Omnibus Account may be exposed to obligations of the Company connected with the positions of other clients in case the Company is unable to meet its obligations towards them.
- 16.8 The Client hereby agrees that, in the event that there has been no movement on the Client's Account balance for a period of at least five years (notwithstanding any payments or receipts of charges, interest or similar items) and the Company is unable to trace the Client despite having taken reasonable steps to do so, the Company may release any Client Money balances held for or on the Client's behalf, from the Client's account.
- 16.9 Any Client Account that has been inactive for 90 (ninety) days, including funding or trading, and has an account balance of up to 1 cent (any currency) will be archived and the Company shall have the right to deduct this remaining Client Money balance.

17. **Transfer of Funds**

- 17.1 The Client shall clearly specify his name and all required information, in accordance with international regulations related to the fight against money laundering and terrorism financing, on the payment document. It is the Company's policy not to accept payments from third parties to be credited to the Client's Account.
- 17.2 Any amounts transferred by the Client to the Client's Bank Account will be deposited in the Client's Account at the "value date" of the received payment and net of any deduction/charges by the Client's Bank Account providers. In case the Client's account reaches a stop-out during the processing period of the deposit, the Company bears no responsibility for any losses suffered.

Trading Terms and Conditions

 - c) If the transfer violates Applicable Regulations and legislation.

- 17.5 By signing this Agreement, the Client gives his consent and authorizes the Company to make deposits and withdrawals from the Client's Bank Account on the Client's behalf, including but not limited to, the settlement of Transactions performed by or on behalf of the Client, for payment of all amounts due by or on behalf of the Client to the Company or any other person.
- 17.6 The Client has the right to withdraw the funds which are not required for Margin free from any obligations (i.e. Free Margin) from the Client's Account without closing the said account.

The fund transfer requests are processed by the Company within the time period specified on the Main Website and the time needed for crediting into the Client's personal account will depend on the Client's Bank Account provider.
- 17.8 Client's withdrawals should be made using the same method used by the Client to fund his Client Account and to the same remitter. The Company reserves the right to decline a withdrawal with a specific payment method and will suggest another payment method where the Client needs to proceed with a new withdrawal request, or request further documentation while processing the withdrawal request. Where applicable, the Company reserves the right to send Client's funds only in the currency as these funds were deposited. Where applicable, if the Company is not satisfied with any documentation provided by the Client, then the Company will reverse the withdrawal transaction and deposit the amount back to the Client's Account net of any charges / fees charged by the Client's Bank Account providers.
- 17.9 Client fund transfer requests will be performed from the Client Portal. The Company shall take every effort to notify the Client prior to any fund transfer request, of all charges, fees and costs for the said fund transfer.

Trading Terms and Conditions

understood the additional information provided on each payment method available on the Client Portal.

- 18.4 The Company may deduct its charges from any funds which it holds on the Client's behalf. For this purpose, the Company will be entitled to combine or make transfers between any of the Client's Accounts. The Company has the right to close any open positions of the Client in order to settle any obligations owned by the Client to the Company.
- 18.5 The Company will charge the Client interest on any amounts due, which are not paid, at such a rate as is reasonably determined by the Company as representing the cost of funding such overdue amounts. Interest will accrue on a daily basis. Furthermore, in the case that the Client fails to make the required deposit within the given deadline, the Company may also proceed with the sale of Financial Instruments from his Client Account(s) without further notice unless otherwise agreed upon by the Company and the Client.
